# The largest global HR study shaping the future of people and HR - 10th edition 2026

# Our survey drew responses from 7,115 participants in 115 markets across various industries and seniority levels

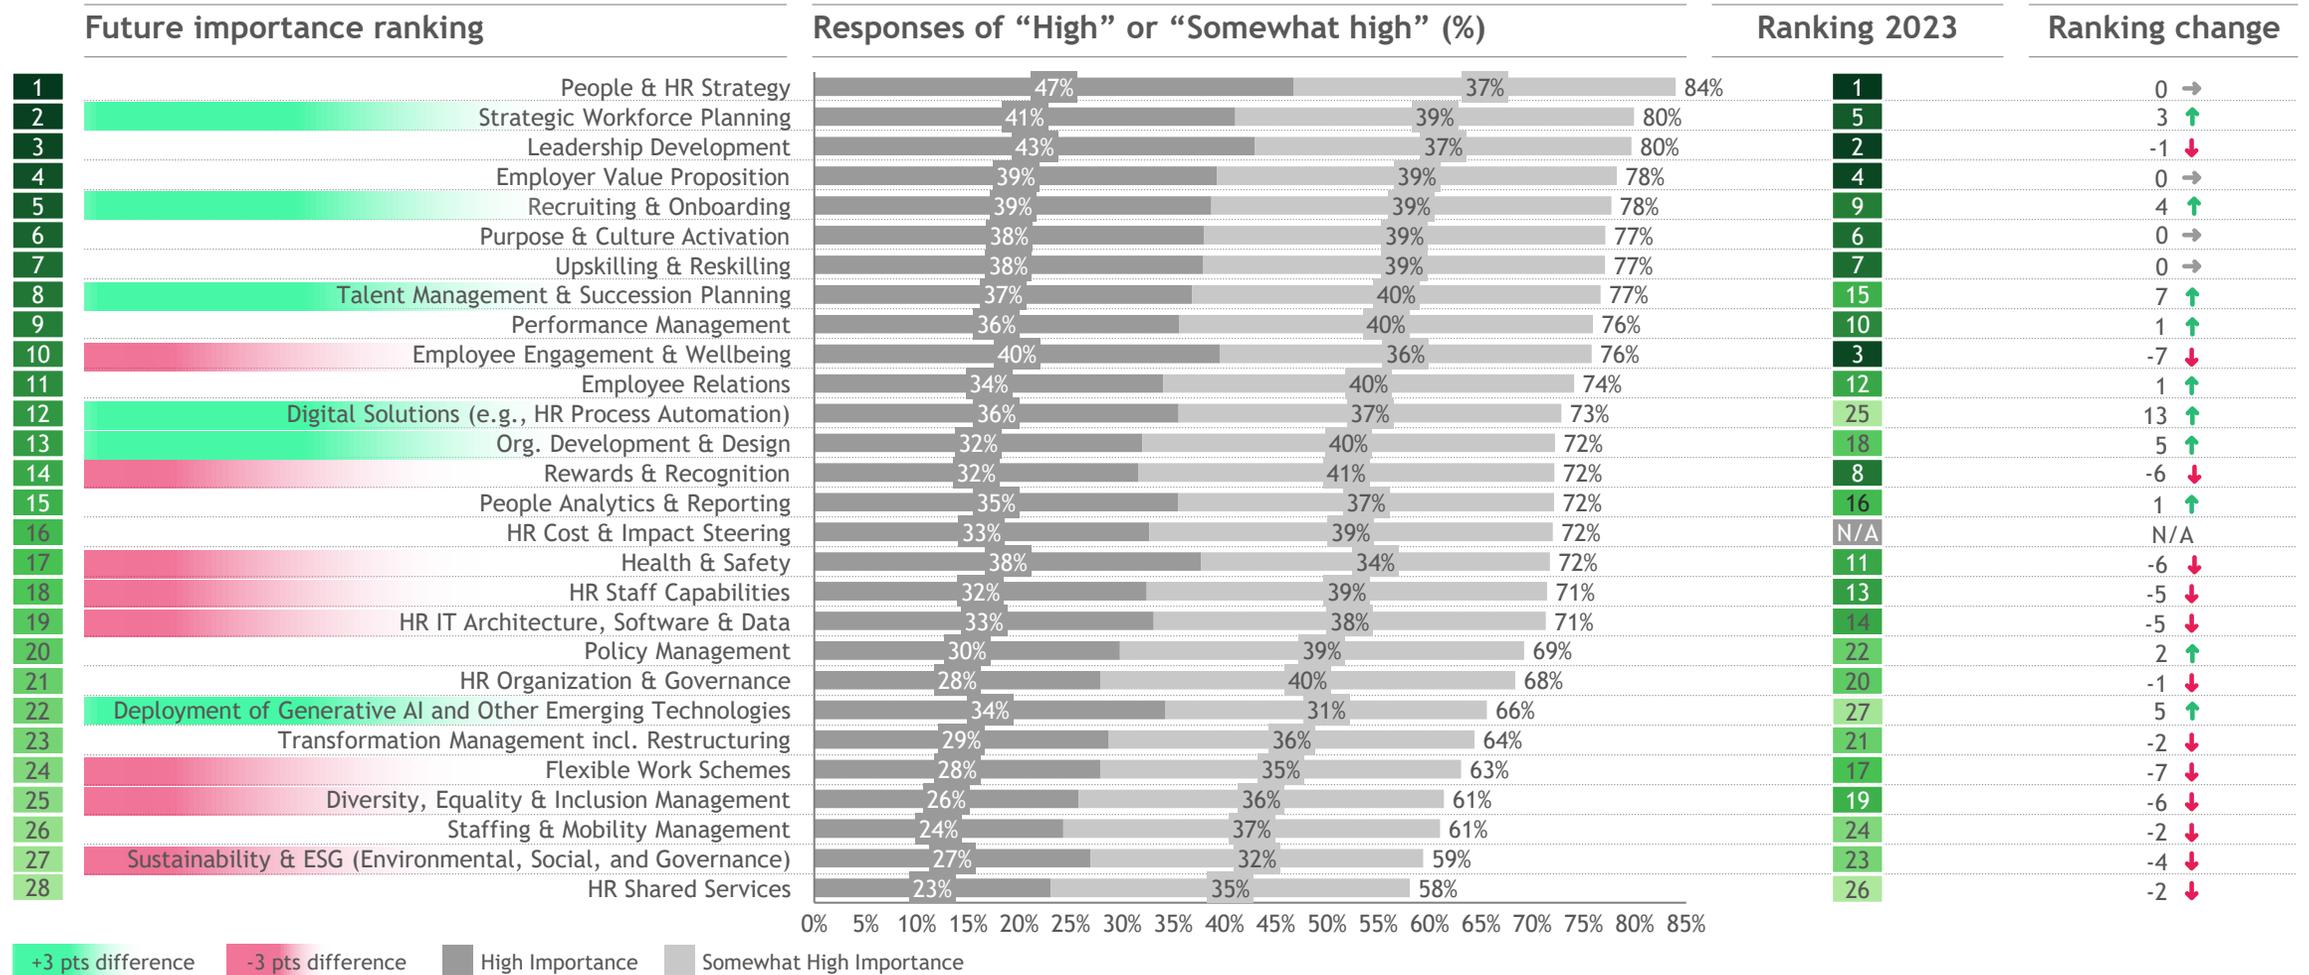

Source: 2026 BCG/WFPMA proprietary web survey and analysis (n = 7,115).  
 Note: "Other" and "N/A" responses are not included in this overview. Because of rounding, not all sector percentages add up to 100%.  
 China includes Mainland China (704), Hong Kong (332), and Taiwan (18)

# The analysis considers 28 HR and People Management topics in 9 clusters

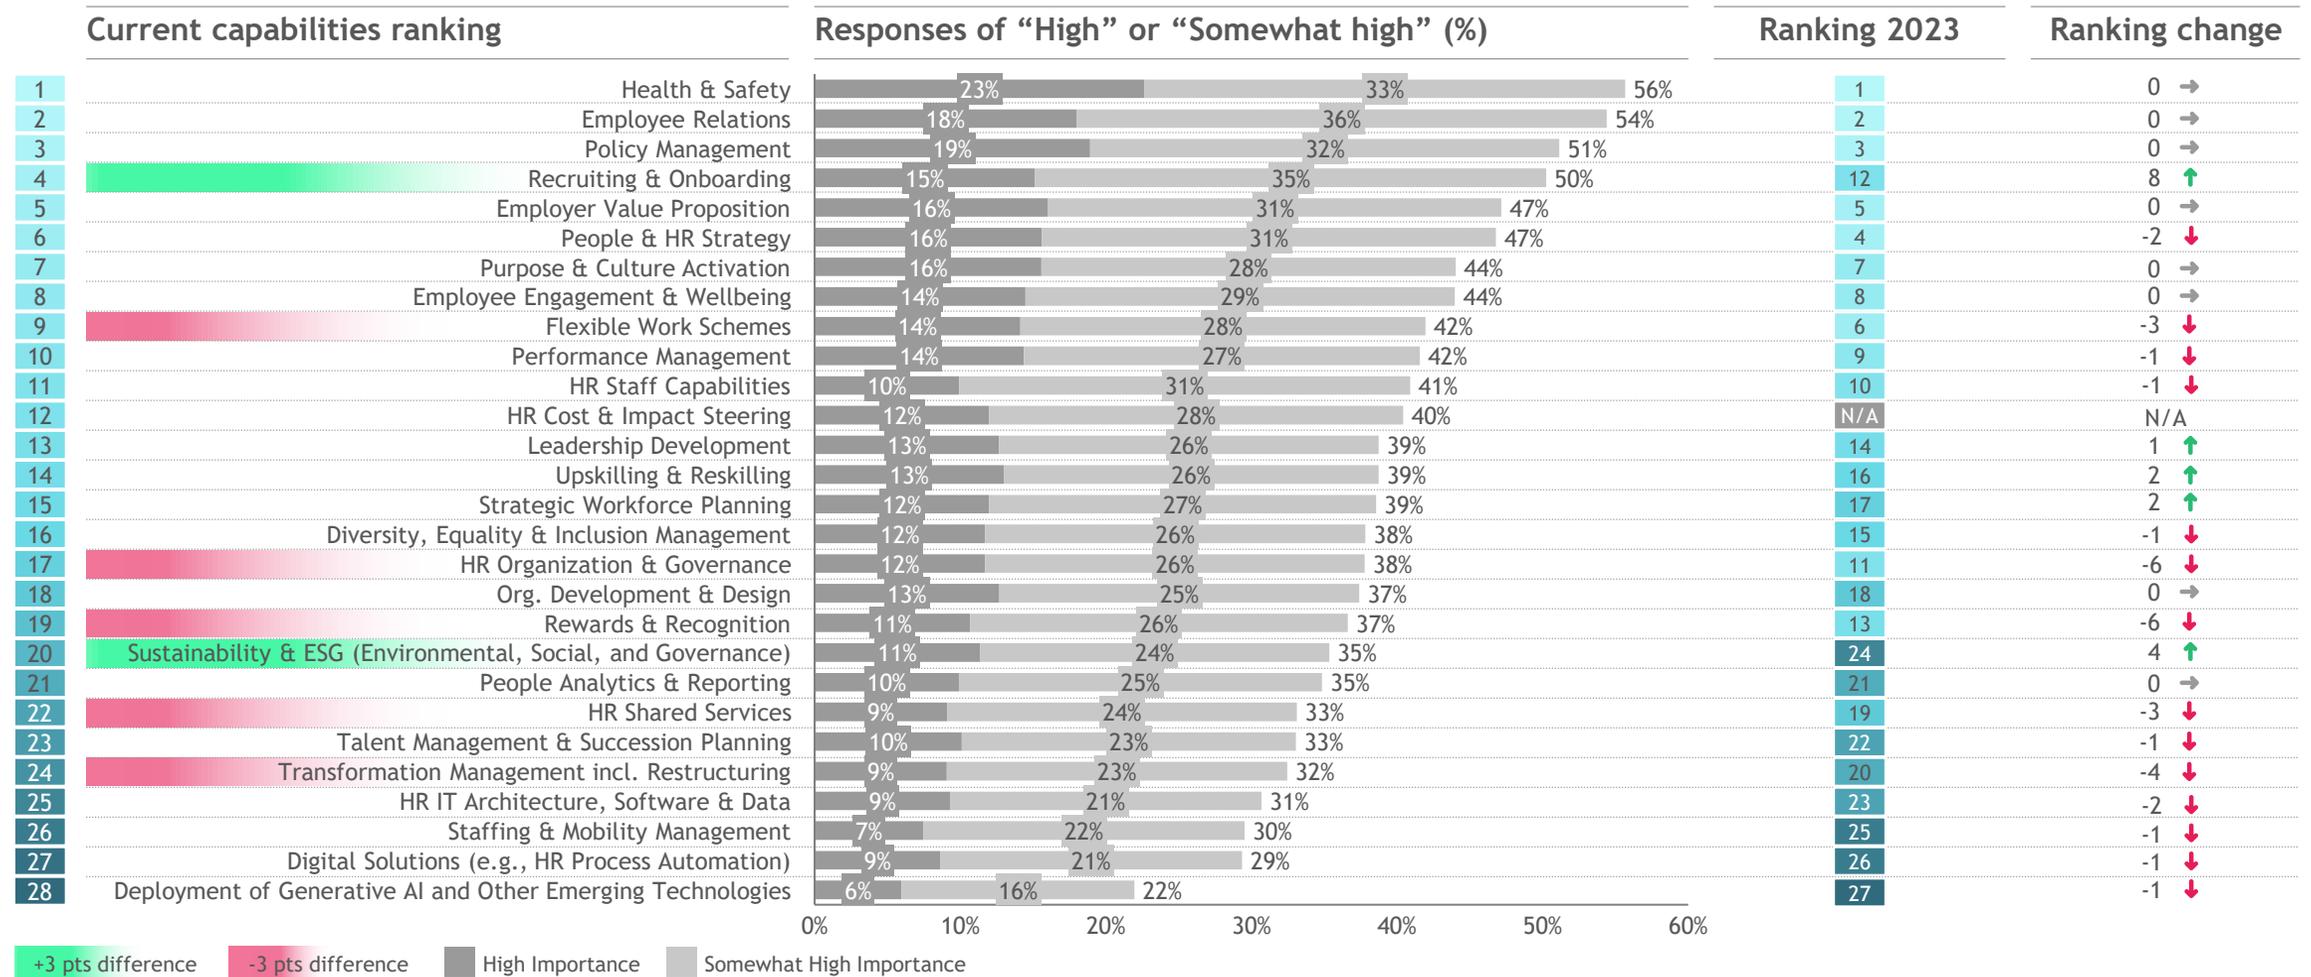

# HR priorities shift toward workforce capability, talent infrastructure, and digital enablement

Source: 2026 BCG/WFPMA proprietary web survey and analysis (n = 7,115).  
 Note: “Other” and “N/A” responses are not included in this overview. Because of rounding, not all sector percentages add up to 100%.  
 The 2023 topic ranking was recalculated based on the average percentage of “High” and “Somewhat high” responses considering merged topics.

# Capabilities lag behind future-critical topics with limited progress particularly in digital and AI

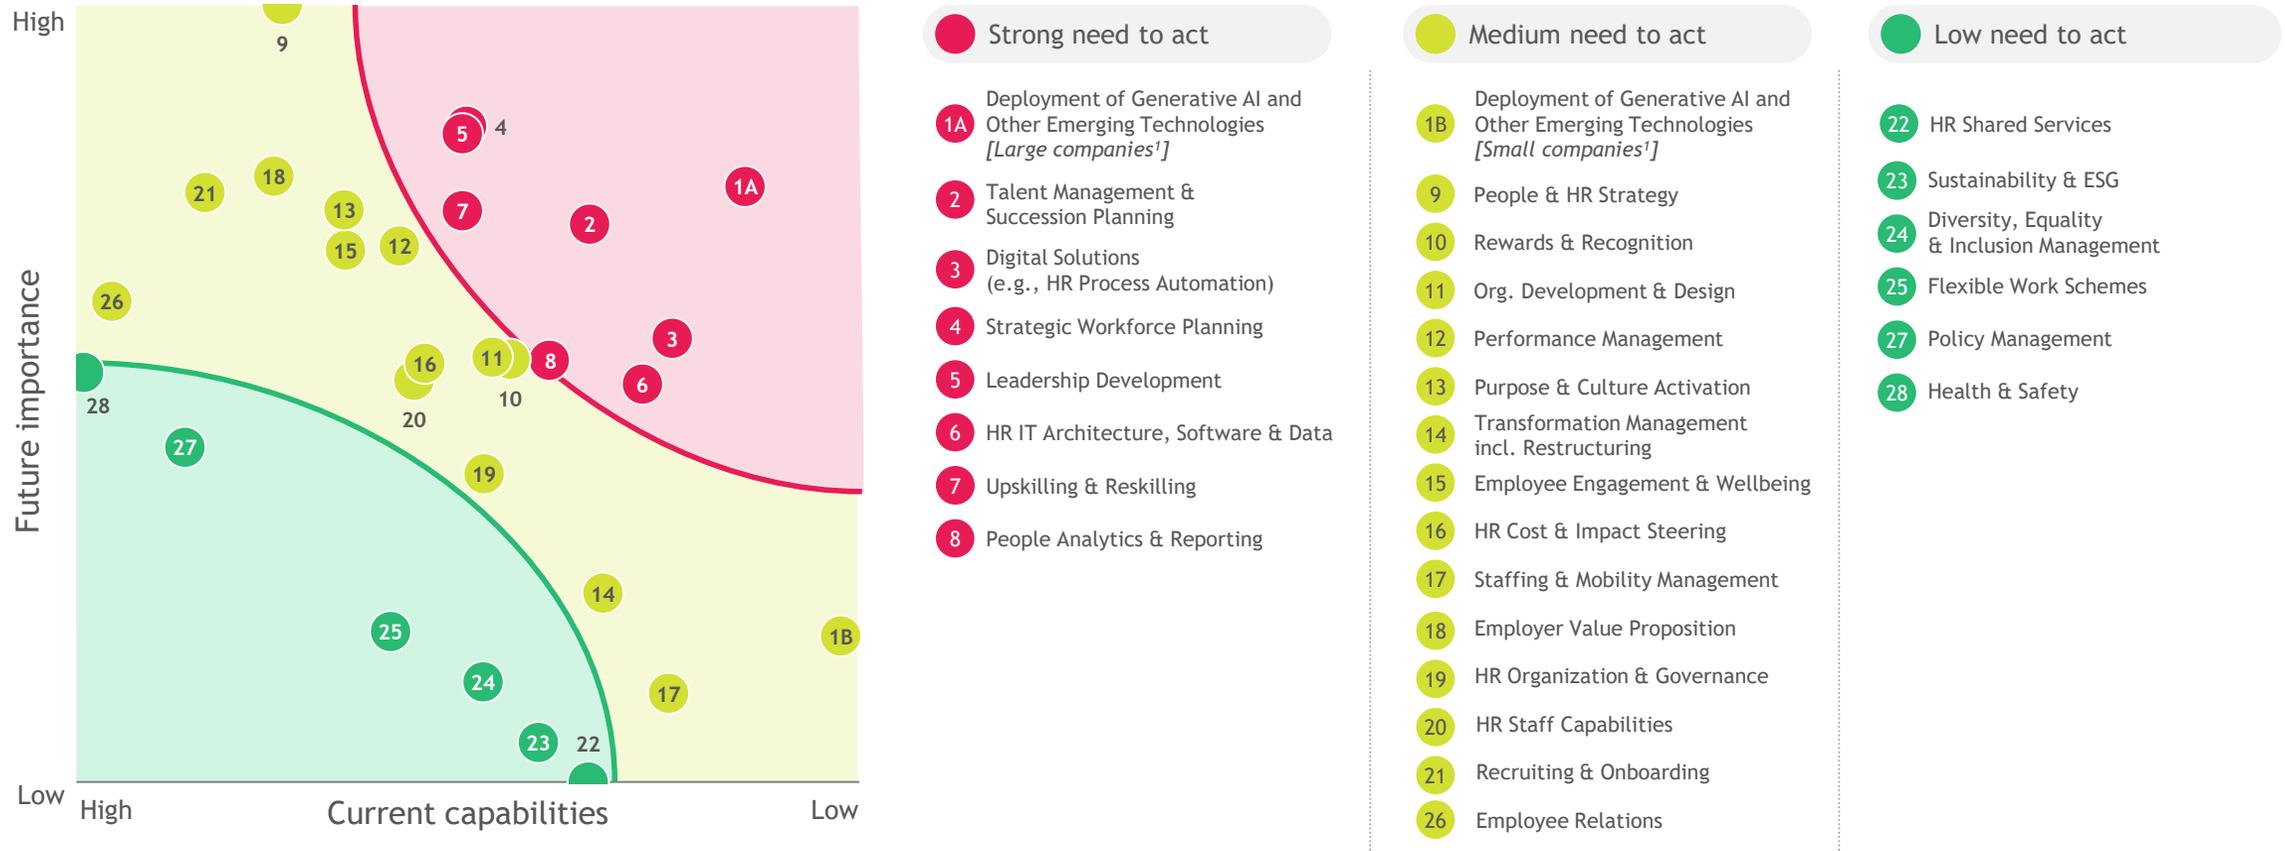

Source: 2026 BCG/WFPMA proprietary web survey and analysis (n = 7,115).

Note: "Other" and "N/A" responses are not included in this overview. Because of rounding, not all sector percentages add up to 100%.

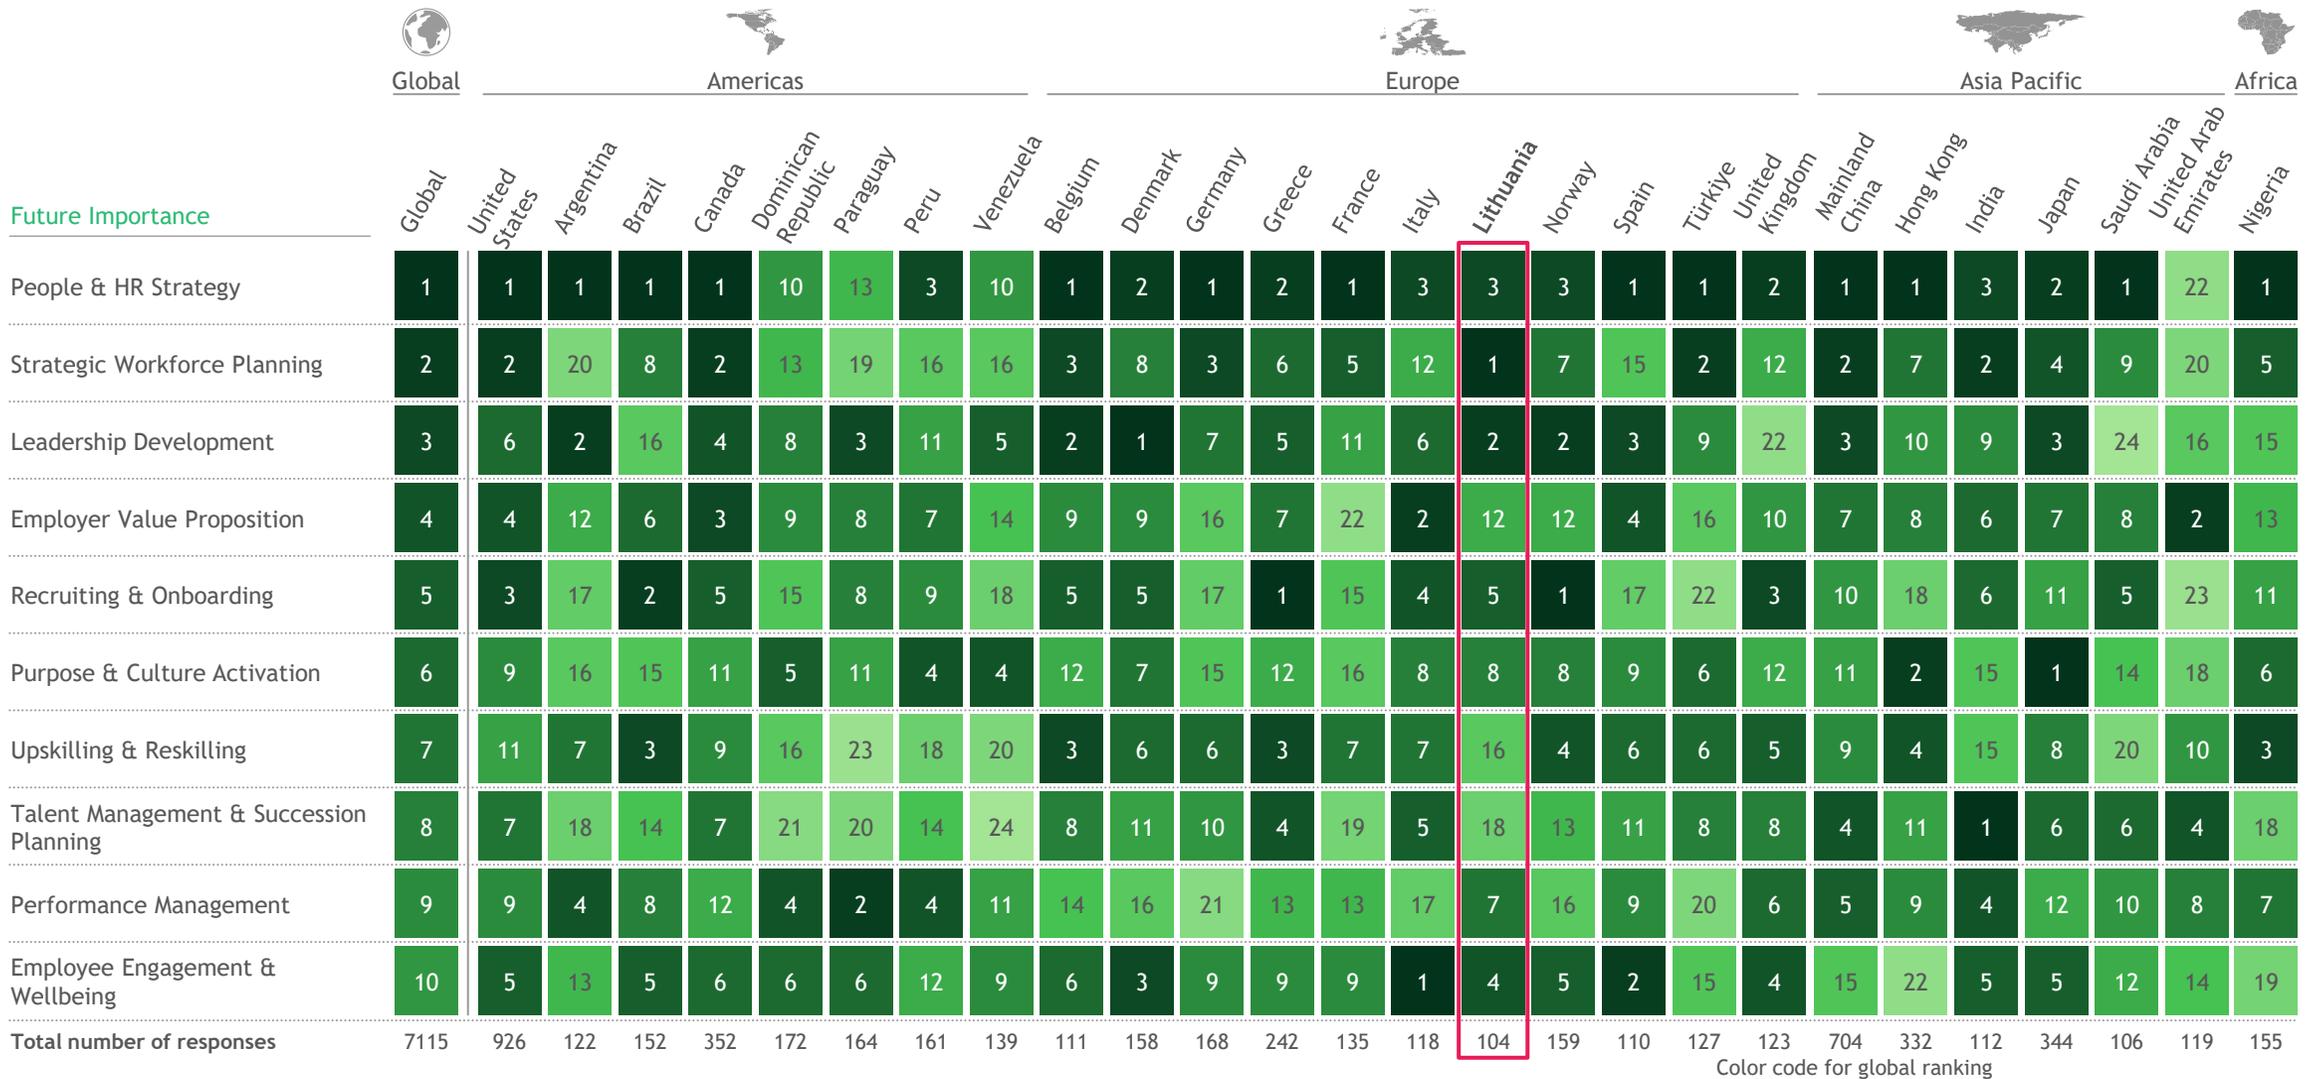

The 2023 topic ranking was recalculated based on the average percentage of "High" and "Somewhat high" responses considering merged topics.

# Sorting the 28 topics by difference between current capabilities and future importance lead to a "need to act" prioritization

2026 BCG/WFPMA proprietary web survey and analysis (n = 7,115) 1. Delta calculation for GenAI deployment split by company size due to significant differences. Large companies > 5000, Small companies < 5000  
 Note: Ranked by highest number of responses in "high" and "somewhat high"

# Talent priorities reflect local labor market dynamics and HR maturity levels

Source: 2026 BCG/WFPMA proprietary web survey and analysis (n = 7,115).  
 Note: "Other" and "N/A" responses are not included. Selected sample of the 115 markets analysed.

# Operational strength is broadly established while strategic talent capabilities differ widely by market

Source: 2026 BCG/WFPMA proprietary web survey and analysis (n = 7,115).  
 Note: "Other" and "N/A" responses are not included. Selected sample of the 115 markets analysed.

Source: 2026 BCG/WFPMA proprietary web survey and analysis (Global n = 7,115, Lithuania total n = 104).

# In Lithuania, trust in HR and HR’s involvement in business decision-making lag behind global results

How much would you agree with the following statements? In my organization,...

Source: 2026 BCG/WFPMA proprietary web survey and analysis (Global n = 7,115, Lithuania total n = 104, n size varies by question due to respondent selection).

# Three major topics emerge from the CPA 2026

## Main CPA topics

### Digitalization / AI

- 1 Deployment of GenAI & Other Emerging Technologies
- 3 Digital Solutions (e.g., HR Process Automation)
- 6 HR IT Architecture, Software & Data
- 8 People Analytics & Reporting

### Workforce of the future

- 4 Strategic Workforce Planning
- 2 Talent Management & Succession Planning
- 5 Leadership Development
- 7 Upskilling & Reskilling

### Value delivery

- Rising expectations on Digital and Workforce require HR to move beyond strong but admin-heavy foundations
- Clear mandate to modernize the HR operating model and translate priorities into measurable business value

## What This Means for HR Leaders

- Move from pilots to enterprise scale
- Redesign workflows, not just automate tasks
- Build strong data governance and AI fluency
- HR must co lead enterprise AI transformation

- Shift from skills ambition to execution at scale
- Institutionalize strategic workforce planning
- Embed skills into talent and leadership systems
- Leadership capability drives performance

- Link people initiatives to business outcomes
- Measure capability ROI and impact
- Modernize HR governance and capabilities
- Move from enabler to value driver
